With the release of ClickFunnels 2.0, there's a buzz of excitement about the new features and enhancements this version brings. In this extensive review, we'll dive deep into ClickFunnels 2.0, exploring its features, pricing, pros and cons, and answering some frequently asked questions. We'll also provide insights into the free trial options available. Let's embark on this journey to uncover everything you need to know about ClickFunnels 2.0.

What is ClickFunnels 2.0?

ClickFunnels 2.0 is the latest iteration of the popular sales funnel software developed by Russell Brunson and his team. ClickFunnels is designed to help businesses of all sizes create effective sales funnels that drive conversions and revenue. The 2.0 version promises significant upgrades and new features that aim to make the platform even more user-friendly and powerful.

[Key Features of ClickFunnels 2.0](#)

ClickFunnels 2.0 comes packed with a host of new and improved features that make it stand out from its predecessor. Here are some of the key features:

1. Enhanced Funnel Builder

The funnel builder in ClickFunnels 2.0 has been revamped to provide a more intuitive and seamless experience. The drag-and-drop interface is now smoother, allowing users to create complex funnels with ease.

2. Advanced A/B Testing

A/B testing is crucial for optimizing funnels, and ClickFunnels 2.0 takes this to the next level. Users can now set up more sophisticated split tests to determine which elements of their funnels are performing best.

3. Funnel Flows

Funnel Flows is a new feature that provides a visual representation of the entire funnel process. This makes it easier to understand and optimize the flow of leads through your sales funnel.

4. Smart Funnels

Smart Funnels use AI and machine learning to optimize your funnels automatically. This feature analyzes user behavior and makes real-time adjustments to improve conversion rates.

5. Membership Sites

ClickFunnels 2.0 includes enhanced capabilities for creating and managing membership sites. This is particularly useful for businesses offering subscription-based services or courses.

6. Enhanced CRM

The built-in CRM in ClickFunnels 2.0 has been upgraded to provide more robust customer management features. This includes better segmentation, automation, and integration options.

7. Global Products

Managing products across multiple funnels is now easier with the Global Products feature. This allows users to create a product once and use it across various funnels without having to recreate it each time.

8. Unified Analytics Dashboard

The new analytics dashboard provides a comprehensive view of your funnel performance. It consolidates data from different sources, giving you a clear picture of what's working and what needs improvement.

9. Affiliate Management

[ClickFunnels 2.0](#) comes with a built-in affiliate management system. This makes it easier to set up and manage affiliate programs, track affiliate performance, and pay commissions.

10. Updated Templates

The template library has been expanded and updated with new designs. These templates are optimized for conversions and can be customized to fit your brand.

Pricing of ClickFunnels 2.0

One of the most important considerations for any business looking to invest in a new tool is pricing. ClickFunnels 2.0 offers several pricing plans to accommodate different needs and budgets.

1. Basic Plan

The Basic Plan is designed for small businesses and entrepreneurs who are just getting started. It includes access to all the essential features, including the funnel builder, A/B testing, and membership site capabilities.

2. Pro Plan

The Pro Plan is aimed at growing businesses that need more advanced features and support. In addition to everything included in the Basic Plan, the Pro Plan offers enhanced analytics, smart funnels, and priority support.

3. Enterprise Plan

The Enterprise Plan is tailored for large businesses and organizations with complex needs. This plan includes all the features of the Pro Plan, plus additional customization options, dedicated account management, and advanced security features.
